

Tarif basics for non-association members

City of Zurich from 1 June 2026

All childcare centers in the city of Zurich

Which care modules can I book?

Childcare center stay	Times	Baby (up to 18 months)	Child (from 19 months)
Whole day	07.00 am to 06.30 pm	CHF 165.00	CHF 145.00
Morning long (including lunch and carettime)	07.00 am to 02.00 pm	CHF 123.75	CHF 108.75
Afternoon short (only bookable in combination with morning long)	02.00 pm to 06.30 pm	CHF 56.25	CHF 51.25
Fringe hours care (morning max. 30 minutes / evening max. 60 minutes)	per 30 minutes	CHF 25.00	CHF 25.00
Module extension, during regular opening times, max. 2 x 1 hour/day bookable	per hour	CHF 25.00	CHF 25.00

Calculation factor 4.2 / no sibling-discount

Additional care days

The additional booked care days are charged monthly according to the fee sheet. Please note that the afternoon short is only bookable in combination with the morning long.

Change of tariff baby/child

The change from the baby tariff to the child tariff takes place in the following month after reaching the age of 19 months.

Subsidies from the City of Zurich

The subsidized parental contribution is based on the VO KB (Ordinance on Supplementary Childcare in the City of Zurich).

Payment

The monthly invoices are to be paid within 10 days.

The care contract must be terminated in written form in compliance with the 3-month notice period. A termination of the signed care contract can be made from the date of entry with a 3-month notice period at the end of the month.

A reduction in the childcare services can take place in compliance with the 3-month notice period of termination at the end of the month. Only current care contracts can be terminated or reduced.

For children entering the "Kindergarten", the childcare contract can be terminated on any day of august, with a 3-month notice period, instead of 31st of July. This makes it possible to bridge the summer holiday time in August until the kids enter "Kindergarten".
